

# AVOID LIFTGATE BATTERY ISSUES

## Purkeys' Direct™ Liftgate Charging System

The Direct™ single-source liftgate charging system boosts voltage through a DC/DC converter to fully charge liftgate batteries faster and overcome voltage drop from the tractor to the liftgate batteries. Draws power from either a stinger cord (dual or single pole) or a 7-Way aux pin.

## KEY FEATURES

- Increases battery state of charge and battery life
- Uses the same power connection for all trailer/tractors
- Provides an extra boost to optimize charge time
- Charges liftgate batteries while drivers travel between stops
- Includes easy-to-read indicator lights
- Includes 3-year warranty

## ROI CALCULATOR

### Assumptions

Battery replacement: once a year  
Cost per battery: \$100  
Road call frequency: 1 per year  
Road call cost: \$1,000

Includes cost of product and  
installation

### Payback Period

12 months  
5 Year Estimated Savings  
\$4,000.00
