

CHARGE LIFTGATE BATTERIES FROM THE BEST AVAILABLE SOURCE

Purkeys' Select™ Liftgate Charging System

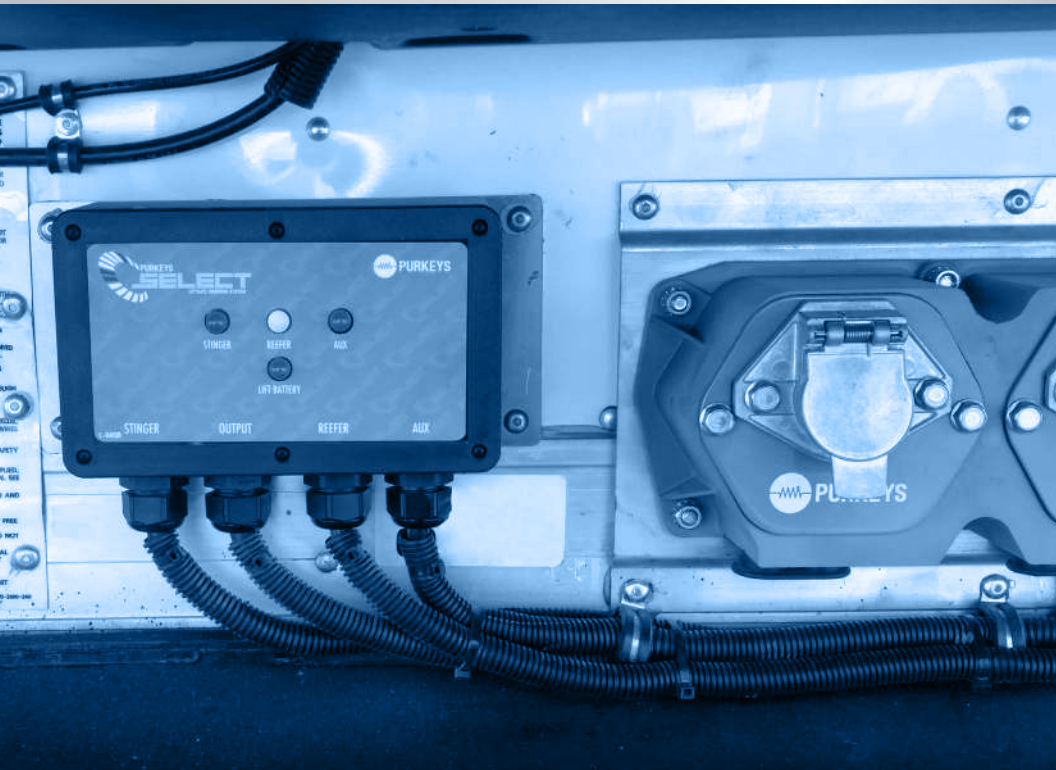

The Select™ liftgate charging system fully and efficiently charges liftgate batteries. The Select can draw power from either the tractor or the reefer via multiple paths (stinger cord, reefer, or 7-way aux pin), automatically detecting the best path when necessary.

KEY FEATURES

- Increases battery state of charge and battery life
- Chooses the best available charge source
- Reliable and easy-to-use
- Provides an extra boost to optimize charge time
- Includes easy-to-read LED indicator lights
